This directory is current as of June 15, 2025.

This directory provides a list of WellSense Medicare Advantage plan's current network providers for our members in New Hampshire.

To access WellSense Medicare Advantage plan's online provider directory, you can visit **wellsense.org/medicare**. For any questions about the information contained in this directory, please call our Member Services department at 855-833-8128, 8 a.m. to 8 p.m. Monday through Friday. We are available seven days a week Oct. 1 through March 31. TTY users should call 711. This directory is available in a different format for the visually impaired by calling us at the number listed above.

Some network providers may have been added or removed from our network after this directory was printed. We do not guarantee each provider listed is accepting new patients. Before you schedule an appointment, please call your provider to verify they are in our network.

Changes to our pharmacy network may occur during the benefit year. An updated Pharmacy Directory is located on our website at **wellsense.org/medicare**. You may also call Member Services at 855-833-8128 (TTY/TDD users should call 711) for updated information.

If you request it, your request for hard copies of the provider directory remains until you leave our plan or request that hard copies be discontinued.

Introduction

This directory provides a list of WellSense Medicare Advantage's network providers, including medical, behavioral health, dental and vision providers. You can also find a list of contracted pharmacies and durable medical equipment providers. Network providers have contracted with us to deliver services to members of our plan. It is important to know which providers are part of our network because, with limited exceptions, while you are a member of our plan you must use network providers to get your medical care and services. This will help prevent surprise costs.

To use your routine hearing benefit, please call Member Services at 855-833-8128 (for TTY, dial 711) to schedule an appointment. The TruHearing hearing benefit is only available to those members enrolled in WellSense Premium Savings (HMO), WellSense Signature (HMO) and WellSense Choice (HMO) plans. For more detailed information on your hearing benefit, please refer to your Evidence of Coverage.

You will have to choose one of our network providers listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your health care services from your PCP.

- PCPs provide routine medical care and assist in coordinating covered services, such as seeing a specialist or having a procedure in a hospital or outpatient setting.
- You can choose any PCP in our network who is accepting new patients.
- In some cases your PCP will obtain prior authorization for services that require prior authorization, in other cases the specialist or other provider will obtain prior authorization for services he/she will provide.
- A referral (an order from your Primary Care Provider (PCP) to see an in-network specialist for covered services) is not required.

To select a PCP, go to the list of providers starting on page 3 and choose a provider in our network who is accepting patients. It may be a PCP that you use now, been recommended by someone you trust, or whose offices are easy for you to get to. Generally, appointment wait times for receiving routine and preventive care with your primary care and behavioral health providers should occur within 30 business days.

The network providers listed in this directory have agreed to provide you with healthcare services. You may go to any of our network providers listed in this directory. Other providers are available in our network.

If you have any questions about whether we will pay for any medical service or care that you are considering, you have the right to ask us whether we will cover it before you get the service or care.

There may also be times when you get a bill from a provider for the full cost of medical care you have received. In many cases, you should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly.

If you are experiencing a medical emergency, you may obtain emergency services from the closest available provider. You can also get urgently needed services from any qualified provider when out of the plan's service area or when network providers are unavailable. Emergency care and urgently needed services should be provided immediately. If services are not considered emergency care or urgently needed services, but you require medical attention, those services should be provided within seven business days.

You must use network providers except in emergency or urgent care situations, for out-of-area renal dialysis, or if the services you need are not available in network and WellSense authorizes the use of out-of-network providers. If you obtain routine care from out-of-network providers in any other situations, neither Medicare nor WellSense Medicare Advantage will be responsible for the costs.

What is the service area for WellSense Medicare Advantage?

Pharmacy Introduction

This booklet provides a list of WellSense Medicare Advantage plan's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and WellSense Medicare Advantage's formulary.

When this pharmacy directory refers to "we," "us", or "our," it means WellSense. When it refers to "plan" or "our plan," it means WellSense Medicare Advantage.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under WellSense Medicare Advantage only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of June 15, 2025. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program which is called Cornerstone Health Solutions. For more information, please contact us or see the mail order section of this pharmacy directory.

This directory is for New Hampshire, Massachusetts, Maine, and Vermont, including the area in which you live. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our Plan. For information on more pharmacies in our plan network not listed in this directory, please call Member Services at 855-833-8128 (TTY users should call 711).

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

Mail Order Pharmacy

Cornerstone Health Solutions
844-319-7588 (TTY: 711)

You can get prescription drugs shipped to your home through our network mail order delivery program, which is called Cornerstone Health Solutions.

Pharmacies are to obtain consent before shipping or delivering any prescriptions the member does not personally initiate. For refills of your mail order prescriptions, please contact us 7 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. This pharmacy also supports electronic prescribing.

Typically, you should expect to receive your prescription drugs within 3-5 business days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us at 855-833-8128 or TTY users can dial 711. To learn more about mail order pharmacies, see Chapter 5 of the Evidence of Coverage.
