

Subject: 2017 CPT codes

Well Sense Health Plan continues working diligently to load the 2017 CPT codes into our claims payment systems. We expect this to be completed by January 31.

We appreciate your continued support during this undertaking, and we will reprocess all submitted claims affected by this delay through a Plan-wide project.

You should continue to submit your claims to us in your customary manner.

If you have any questions, please call your dedicated Provider Relations Consultant.
