## **Well Sense Health Plan Employees Host Collection Drive and Volunteer at OutFITters Thrift Store**

**Manchester, NH** – Well Sense Health Plan employees recently held a company-wide collection drive for Families in Transition’s (FIT) OutFITters Thrift Stores in Manchester and Concord. The collection drive generated 75 bags of clothing and 10 boxes of household items valued at over \$3,000. On March 20, employees sorted, priced and tagged the donations at OutFITters Thrift Store in Manchester. Through store sales, these items will help defray the cost of housing, services, administration and programming for homeless families and individuals.

“It was a pleasure and privilege to partner with Families in Transition, an organization that works diligently to break the cycle of homelessness and ensure individuals have the opportunity to lead happy and productive lives,” stated Gail Garceau, General Manager of Well Sense Health Plan. “As a new company in New Hampshire, we understand how important it is to become part of the fabric of the community, so we are focusing on being good corporate citizens and great neighbors.”

OutFITters Thrift Stores are owned and operated by Families in Transition (FIT), a nonprofit organization that provides safe, affordable housing and comprehensive social services to individuals and families who are homeless or at risk of becoming homeless, enabling them to gain self-sufficiency and respect. Since its inception, OutFITters Thrift Stores have generated nearly \$500,000 through store sales.
