## WellSense Clarity plans in New Hampshire (ACA)

---

### Prevent enrollment terminations

Don't let your hard-earned enrollments go to waste. There are members at risk of losing their coverage due to nonpayment. This loss of membership has a direct impact on broker compensation, so it is important that overdue premiums are paid.

While members will be mailed a notice of delinquency, we encourage you to conduct additional outreach to those members on the verge of losing their coverage. You can find your at-risk members in the [broker portal](#) using [these instructions](#).

Members who do not make their February payment may be subject to termination as soon as February 28.

### Special Enrollment Period (SEP)

Now that the deadline for Feb 1 enrollments has passed, individuals seeking coverage for WellSense Clarity plans in New Hampshire will require an SEP to enroll. Click on the SEP resources below for more information:

- [Special Enrollment Periods, SEP Verification, and Complex Case Scenarios Webinar](#)
- [Qualifying Life Events](#)

Please reach out to [AgentAdmin@wellsense.org](mailto:AgentAdmin@wellsense.org) with any questions.
