

The following is a list of behavioral health providers that have recently joined the WellSense insured behavioral health network. While these providers are considered in-network, they may not be reflected in our digital provider directory as of the behavioral health insourcing launch dates. We are working diligently to ensure their inclusion in the provider directory and are committed to implementing updates as swiftly as possible. The list reflects participating providers for WellSense New Hampshire Medicaid products as of Dec. 1, 2025, and all other WellSense New Hampshire and Massachusetts products as of Jan. 1, 2026.
