Introduction

This directory provides a list of WellSense Senior Care Options' network providers, including medical, behavioral health, long term services and supports (LTSS). You can also find a list of pharmacies that you may use to get your prescription drugs. Network providers have contracted with us to deliver services to members of our plan. It is important to know which providers are part of our network because, with limited exceptions, while you are a member of our plan you must use network providers to get your medical care and services. This will help prevent surprise costs.

You will have to choose one of our network providers listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your health care services from your PCP.

- PCPs provide routine medical care and assist in coordinating covered services, such as seeing a specialist or having a procedure in a hospital or outpatient setting.
- You can choose any PCP in our network who is accepting new patients.
- A referral (an order from your Primary Care Provider (PCP) to see an in-network specialist for covered services) is not required.
- You may be able to have a specialist act as your PCP if you have a condition that requires consistent specialized care. Conditions may include HIV/AIDs, end stage renal disease, or an oncology diagnosis. The specialist must complete plan requirements before they can act as a PCP for a member. You can choose any PCP in our network who is accepting new members.

To select a PCP, go to the list of providers starting on page 13 and choose a provider in our network who is accepting patients. It may be a PCP that you use now, been recommended by someone you trust, or whose offices are easy for you to get to.

The network providers listed in this directory have agreed to provide you with healthcare services. You may go to any of our network providers listed in this directory however, some services may require prior authorization. Other providers are available in our network.

If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Services and ask **before** you get the service or care.

You must use network providers except in emergency or urgent care situations, for out-of-area renal dialysis, or if the services you need are not available in network and WellSense authorizes the use of out-of-network providers. If you obtain routine care from out-of-network providers in any other situations, neither Medicare nor WellSense Senior Care Options will be responsible for the costs.

Introducción

Este directorio proporciona una lista de los proveedores de la red de WellSense Senior Care Option, incluidos los servicios y apoyos médicos, de salud conductual y a largo plazo (long term services and supports, LTSS). También puede encontrar una lista de farmacias que puede usar para obtener sus medicamentos recetados. Los proveedores de la red han sido contratados por nosotros para brindar servicios a los miembros de nuestro plan. Es importante estar informado sobre qué proveedores forman parte de nuestra red dado que, con limitadas excepciones, mientras usted sea miembro de nuestro plan, debe usar a los proveedores de la red para recibir su atención y servicios médicos. Esto ayudará a evitar costos sorpresa.

Tendrá que elegir uno de los proveedores de nuestra red enumerados en este directorio para que sea su proveedor de atención primaria (**P**rimary **C**are **P**rovider, PCP). Por lo general, debe obtener sus servicios de atención médica de su PCP.

- Los PCP proporcionan atención médica de rutina y podría ayudar a coordinar los servicios cubiertos, tales como ver a un especialista u obtener un procedimiento en un hospital o un centro para pacientes ambulatorios.
- Usted puede seleccionar cualquier PCP de nuestra red que reciba miembros nuevos.
- No se necesita una derivación (una orden de PCP para consultar a un especialista de la red por los servicios cubiertos).
- Puede tener a un especialista que actúe como su PCP si sufre de una afección que requiere atención especializada constante. Las afecciones pueden incluir VIH/SIDA, enfermedad renal en etapa terminal o un diagnóstico oncológico. El especialista debe completar los requisitos del plan antes de poder actuar como PCP de un miembro. Puede elegir cualquier PCP de nuestra red que acepte miembros nuevos.

Para seleccionar un PCP, vaya a la lista de proveedores que comienza en la página 13 y elija un proveedor de nuestra red que acepte pacientes. Puede ser un PCP que ve actualmente, fue recomendado por alguien de su confianza, o alguien que tiene un consultorio de fácil acceso.

Los proveedores de la red que figuran en este directorio han acordado brindarle servicios de atención médica. Usted puede acudir a cualquiera de los proveedores de nuestra red que figuran en este directorio; sin embargo, algunos servicios pueden requerir autorización previa. Otros proveedores están disponibles en nuestra red.

Si tiene alguna duda acerca de la cobertura de algún servicio o atención que usted desea, hable con su equipo de atención o llame a Servicios para Miembros y pregunte **antes** de obtener el servicio o atención.

Debe usar proveedores de la red excepto en situaciones de emergencia o de atención urgente, para diálisis renal fuera del área, o si los servicios que necesita no están disponibles en la red y WellSense autoriza el uso de proveedores fuera de la red. Si obtiene atención de rutina de proveedores fuera de la red en cualquier otra situación, ni Medicare ni WellSense Senior Care Options serán responsables de los costos.
