

Member Quick Start Guide

Welcome to your WellSense Choice (HMO) plan

Follow this guide for tips to get started using your new benefits. More plan resources, including helpful videos and full plan details, can be found at wellsense.org/yourmedicare.

Understand your plan

View your Evidence of Coverage at wellsense.org/yourmedicare or call Member Service to request a copy be mailed to you. This document explains your covered benefits and services.

Each month you receive medical services, supplemental services or fill a prescription, you'll receive an Explanation of Benefits (EOB) in the mail. An EOB is not a bill. It summarizes your claim(s) and helps you keep track of your monthly medical and prescription costs.

Partner with your doctor for routine care

Always use a primary care provider (PCP) that is part of the WellSense Medicare Advantage HMO network to help coordinate your care. You can also see specialists without a referral.

Always use doctors from our network to avoid surprise bills. If you receive a bill you aren't sure about, call your doctor's office to explain the bill. If you still have questions, call our Member Service team. There may be costs for some services you receive. Costs are determined by Medicare, and if you receive Extra Help from Medicare, these costs may be reduced.
