

Member Quick Start Guide

Welcome to your WellSense Signature Access (PPO) plan

Follow this guide for tips to get started using your new benefits. More plan resources, including helpful videos and full plan details, can be found at wellsense.org/yourmedicare.

Understand your plan

View your Evidence of Coverage at wellsense.org/yourmedicare or call Member Service to request a copy be mailed to you. This document explains your covered benefits and services.

Each month you receive medical services, supplemental services or fill a prescription, you'll receive an Explanation of Benefits (EOB) in the mail. An EOB is not a bill. It summarizes your claim(s) and helps you keep track of your monthly medical and prescription costs.

Flexibility to use in- and out-of-network doctors

With this PPO plan, you have the flexibility to choose the primary care provider (PCP) or specialist you want, in or out of the WellSense Medicare Advantage PPO network. You do not need a referral to see an in- or out-of-network provider, but your cost may be higher to see an out-of-network provider.

If you receive a bill you aren't sure about, call your doctor's office to explain the bill. If you still have questions, call our Member Service team. There may be costs for some services you receive. Costs are determined by Medicare, and if you receive Extra Help from Medicare, these costs may be reduced.

Get your medications in the mail

Simplify your life by having the medications you take regularly sent directly to your home with Cornerstone Health Solutions (CHS) mail order pharmacy. This service will save you time and eliminate the need to stand in line at a pharmacy.

Order a 90-day supply of maintenance medications that you use to treat long-term, chronic conditions like high blood pressure, high blood sugar levels or diabetes, high cholesterol and more. Controlled substance medications used to treat conditions like anxiety and chronic pain are also available as a 30-day supply. When you sign up for mail order, you'll make sure you never miss a dose and are getting the best value for your medications.

Call **844-319-7588** or email cornerstonemailorderpharmacy@bmc.org to get started. Once you've enrolled over the phone and your prescription is filled, you can continue to order refills by phone or online.

Keep your WellSense identification (ID) card and your over-the-counter (OTC) card in your wallet. You will need them at doctor's visits and at the pharmacy.
