Pre-Enrollment Checklist

Before making an enrollment decision it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at 800-967-4497 (TTY: 711) Monday through Friday 8 a.m. to 8 p.m. We are open daily Oct. 1 through March 31.

Understanding the Benefits

- ☐ The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It's important to review plan coverage, cost and benefits before you enroll. Visit wellsense.org/medicare or call 800-967-4497 (TTY: 711) to view a copy of the EOC.
- ☐ Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- ☐ Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- ☐ Review the formulary to make sure your drugs are covered.

Understanding Important Rules

- ☐ **Effect on current coverage:** If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage healthcare coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.
- ☐ In addition to your monthly premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month. If you enroll in a plan with a Part B buy-down, you may pay less for your Medicare Part B premium each month.
- ☐ Benefits, premiums and/or copayments/co-insurance may change on January 1, 2026.
- ☐ Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
- ☐ **PPO plans** - Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher copay for services received by non-contracted providers.
