

DATE: July 2, 2020
TO: Outpatient Functional Therapy Providers
FROM: Well Sense Health Plan
SUBJECT: Functional Therapy Benefit/Plan Year Reset July 1st

Functional Therapy Benefit Change

As a reminder Well Sense Health Plan does not require a prior authorization for the first 12 Speech Therapy visits or the first 48 treatment units of Physical or Occupation Therapy as of July 1st.

After the initial 12 visits/48 units have been exhausted an existing authorization will continue to be utilized until either the units have been used or the authorization expires. This authorization requirement also applies to telehealth visits.

For complete authorization details please see our Medical Policies at www.wellsense.org.

We encourage all providers to submit authorization requests online through our secure portal, HealthTrio. For more information see our [Authorization User Guide](#).
