Submitting Claims & Corrected Claims Electronically

Well Sense Health Plan strongly encourages the submission of claims and corrected claims electronically.

As you may be aware, we have recently experienced an issue with corrected claims denying as untimely filing when submitted electronically.

Well Sense Health Plan has identified the system issue and has launched updated technology to address and correct this concern.

Please continue to utilize the EDI submission method for your claims and corrected claims to ensure a quick and efficient claims adjudication process.

Thank you for your continued support and partnership.
