National Drug Code (NDC) Reporting

Beginning with claims received on or after May 1, 2021 and with dates of service on or after September 1, 2019, Well Sense Health Plan will edit professional and outpatient facility claims for National Drug Code (NDC) reporting in accordance with NH Medicaid. A valid 11-digit NDC number is required when submitting claims for physician administered drugs reported with a J, Q or S HCPCS drug procedure code, **and/or** revenue codes 0250-0252, 0257-0259, and 0631-0637. Crossover claims are included in this requirement. Any claim type that is submitted with an invalid NDC code will be denied.

Our reimbursement policy, [General Billing and Coding Guidelines, WS 4.17](#) has been updated with these requirements.
